DRIVER TRAINING NEEDED NOW

Every school year begins with new plans, new initiatives, new programs, new goals, and new roads to trod, resulting in initiative fatigue, which we have referenced in previous editions of *Update*. We have identified multiple times that the District has the wrong drivers at work and have offered voluminous times to collaborate with senior staff to establish a supportive environment and collectively work on building capacity. Below is an email from an AALA member who is already (justifiably) frustrated with the workload, lack of support, and punitive environment and, alas, we are just in the seventh week of the first semester!

I usually resist sharing my concerns. However, the incessant feeling of being overwhelmed is increasing with every edict, demand, email, and directive from Beaudry and my Local District. Below is just one of MANY examples of how little by little, every year and with every mandate, each department is asking principals to do MORE and MORE every single day.

I received a rather offensive email on the eve of the unassigned day. It came right after spending the day at [a] meeting that was everything except uplifting. We were reprimanded for not meeting deadlines for things like bitly surveys and online certifications like Williams. Now, clearly, I understand the importance of Williams. More importantly, I understand every child must have the necessary textbooks to learn. However, all I kept thinking as we sat there with our heads hung low was, "Are you kidding me????!!!" Do the Local District Superintendents, senior staff, and the Board of Education have ANY idea as to what exactly principals have had to do since the new benchmark books arrived at our sites? In some cases, the books were put to rest on the sidewalk because the delivery company refused to deliver the truckload of boxes to their final destination! This is what almost every principal had to do to ensure the books were in the hands of students on opening day:

- *Brave the blistering heat and physically carry hundreds of boxes from the drop-off location to a secure location;*
- *Sort through hundreds of boxes and painstakingly do a detailed inventory of every single item;*
- *Label and disperse the books and once again carry tons of materials to every corner of the campus (with or without elevators);*
- *If enough materials were not delivered, we had to figure out who to contact and send numerous emails identifying the shortage and in the meantime contact every school near or far to beg, borrow or make a deal to exchange materials; and then of course drive around the District to actually get those books to our students.*
- *Go through all the materials to familiarize [ourselves] with the program to be the best instructional leaders possible and plan the very urgent PDs [for] teachers when [we were] not trained [ourselves]!*

DRIVER TRAINING NEEDED NOW (Cont.)

- *And finally, [we] had to ensure [we] read the Williams memo thoroughly so [we] would not miss the changes they made this year. This year, not only did principals have to certify online, swearing that every single [book] was in the hands of every single student, as an added bonus, teachers had to certify online...and if you had retired or reassigned teachers still showing on your platform or new teachers NOT showing, [we] had to figure out who to contact, wait for a response, and cross [our] fingers that it would all get cleared up so [we] could meet the deadline and not have to get an email or phone call from the director or superintendent.*

Here's my simple ask of every LAUSD senior leader:

- *Please, please, please, rather than berating and tearing us down at your required meetings, uplift us by providing the tools and the professional development principals need to effectively lead their schools.*
- *Be proactive and prophetic by anticipating the most important outcomes you are expecting of us a month or two in advance of the deadline or requirement to somehow meet the expectations you never quite make public to us until it is too late and you are [in] panic mode.*
- *Clear your offices on days when you know tons of materials are being delivered to the schools you lead. We can always use an extra pair of hands!*

I am at the end of my rope because I have spent day after day consumed by employees needing to be disciplined, properly restraining students making a run for the gate at the beginning of the school day, [but] maybe my greatest angst comes from the school's flailing SBAC scores. I have never been more disconnected from my role as instructional leader because we are ever more working harder [rather] than smarter. Please know current working conditions are taking a toll on the health of my colleagues. We simply do not have the time to take care of our health. THERE HAS TO BE A BETTER WAY! We need to stop talking about how over-worked and underappreciated we are, and start doing something to make it manageable. And for our "family members" who continuously say to us, "You're not alone, we are here to support you," come to our schools, roll up your sleeves, and REALLY START SUPPORTING US!!

While we may have new faces at the helm, the same old wrong drivers—external accountability, individualism, technology, and ad hoc policies—are still in place. Every month this year, AALA has identified issues that are impacting members and demoralizing the troops. Just look at the titles of page one:

- January 16, 2017—*NEW YEAR, SAME OLD WRONG DRIVERS!*
- February 27, 2017—*VOICES FROM THE FIELD: PRINCIPAL SUPPORT IS IN ORDER*
- March 27, 2017—*ONE-WAY ACCOUNTABILITY*
- April 10, 2017—*DRIVING DOWN THE WRONG ROAD*
- April 24, 2017—*THE RIGHT DRIVERS AND THE ROAD TO SUCCESS*
- May 8, 2017—*CALLING FOR THE RIGHT SUPPORT*
- June 19, 2017—*VOICES FROM THE FIELD, LOUD AND CLEAR* (Poor Communication, Lack of Sensitivity and Collaboration)
- July 24, 2017—*HERE WE GO AGAIN* (Another Task Force)
- August 14, 2017—*AN EARLY LAUSD CHRISTMAS* (A Litany of New Programs)

DRIVER TRAINING NEEDED NOW (Cont.)

Other articles addressed unrealistic “optional” Saturday meetings, threats to health benefits, shotgun professional development, Code of Ethics violations, top-down edicts, lack of coherence, equity in funding, and untenable workloads. Time and again, we have asked for the right drivers—capacity building with a focus on results, collaboration, sound pedagogy, and coordinated policies. We refer the District again to its own recommended reading, **Fullan’s** and **Quinn’s** *Coherence*, which identifies four components to get the right drivers: focusing direction, cultivating collaborative cultures, deepening learning, and securing accountability. As we begin contractual negotiations, please know that these items, along with equitable compensation and maintenance of health benefits, are on the table.

FOR THE RECORD...

In the page one article of the September 11, 2017, issue of *Update*, former **Superintendent Dr. William J. Johnston** was credited as having “negotiated for employees to receive health benefits in lieu of raises.” AALA wishes to correct this statement in that Dr. Johnston informed us that while he played a major leadership role in the expansion of health benefits for employees, he only negotiated the use of a specific categorical tax to pay for them. He further explained that in 1973 **George MacMullen**, then Budget Director, identified the categorical tax that was available for employee medical benefits. This tax was utilized for this purpose until 1978.

In 1978, the electorate approved the Jarvis Amendment, which, in effect, eliminated the categorical tax that was supporting certificated and classified medical benefits. Subsequently, employee health benefits were moved to the District’s general fund. Since that time, funding of employee medical benefits has been a negotiated item between the Board of Education and employee unions on an annual basis.

AALA thanks Dr. Johnston for this information and for his continuing support of Friends of AALA scholarship efforts.

REMINDER TO CERTIFY DAILY DRINKING WATER FLUSHING

Please be reminded that all drinking water fixtures and fountains that may be used for consumption of water or used for food preparation shall be flushed for a minimum of 30 seconds prior to the first use of the day as outlined in [REF-3930.6, Daily Flushing Requirements for Drinking Fountains and Faucets](#).

By the 15th of each month, principals must certify electronically that all applicable fixtures have been flushed and the log for the previous month has been completed. A copy of the log is provided in the Reference Guide. To certify, principals may log onto Inside LAUSD. The link for the *Drinking Water Flushing Certification* is located under the “Resources & Applications” heading on the right side of the page. This is required of all schools, unless an exemption has been received from the Office of Environmental Health and Safety (OEHS). Many of the District’s schools have received exemption from the daily flushing requirement because the water from the active fixtures at the schools has lead levels that are below the LAUSD threshold. To see the list of exempt schools, please click [HERE](#).

If you have any questions regarding the flushing requirements, please contact OEHS at 213.241.3199 or visit the website: www.lausd-oehs.org.

**HEALTH BENEFITS FAQ—
OPEN ENROLLMENT IS APPROACHING, COMPARE THE 2017 PLANS**

The District’s medical plans have remained stable since 2010. With Open Enrollment coming in November, we thought you would like to see a basic comparison between plans offered. LAUSD provides medical plans that are based on employment status—active or retired. Plans for retirees are then determined by eligibility for Medicare; those under age 65 are considered Pre-Medicare and retirees 65 years and older receive Medicare. We will feature Medicare retiree plans next week.

PREPARING FOR THE INITIAL PLANNING CONFERENCE

Administrators are reminded to complete the initial planning conference by **October 6, 2017**, for teachers being evaluated using Educator Development and Support: Teachers (EDST) or Educator Development and Support: Non-Classroom Teachers (EDSNCT). For more information on preparing and planning for the conference, please refer to the [EDST Protocols](#) or the [EDSNCT Protocols](#). If you have any questions, please contact the Professional Learning and Leadership Development Branch at 213.241.3444 or your Local District's [Teaching and Learning Coordinator](#).

TITLE IX COMPLAINT MANAGER TRAINING AVAILABLE

Existing law under Title IX of the Education Amendments of 1972 states, “No person . . . shall, on the basis of sex, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any education program or activity receiving federal financial assistance.” Each school year, Title IX complaint managers must be identified at sites to assist the administration in implementing a systematic process to respond to complaints of harassment and discrimination in a safe and private manner.

Title IX complaint managers and interested District staff can access a *Title IX Complaint Managers Training* available on the District's Learning Zone platform. Simply go to [Learning Zone](#); click Courses; click Class Offerings; in keyword search, type Title IX Complaint Manager Training; click on the course name; click Enroll Now. For more information regarding training or Title IX, please contact the Educational Equity Compliance Office at 213.241.7682 or view the office website at ecco.lausd.net/.

ANNOUNCING MyIT THE NEW AND IMPROVED SERVICE REQUEST SYSTEM

The Information Technology Division (ITD) is pleased to announce the launch of MyIT, the new and improved service request system. Users can request support for computers, software applications, network, payroll, and many other issues through the easy-to-use interface. Just go to <https://lausd-myit.onbmc.com> and log in with your LAUSD email and SSO password to submit a request.

Features of MyIT include:

- Modern “look and feel”
- Ease of use
- More organized interface

MyIT will fully replace the existing service request system (Remedy) on Oct. 2. Request support today by going to <https://lausd-myit.onbmc.com> and logging in with your District email address and SSO password. MyIT provides a fast method of requesting support for IT issues. You may also call the IT Helpdesk at 213.241.5200 or open a support session via chat by going to <https://chat.lausd.net>.

FRIENDS OF AALA – THE MISSION CONTINUES

The commitment of Friends of AALA, our 501(c)(3) nonprofit corporation, to raise funds for scholarships for LAUSD students is stronger than ever. As a result of last year's generous support by AALA active and alumni members, their friends, and the corporate community, thirty-five (35) LAUSD students, in honor of AALA's 35th anniversary, were awarded scholarships valued at \$2,000 each. Since the banquet, we have received heartwarming thank-you letters from the scholarship recipients. Not only are the students grateful for the financial support they received, but also for the confidence the award has given them in their ability to succeed. The letters received only strengthen our resolve to continue to raise funds for LAUSD student scholars. They are our future and they need our help now. The Friends of AALA's minimum goal this year is to award twenty-five (25) scholarships. Should funds allow, that number will be increased.

The 2017-2018 Friends of AALA fundraising campaign began at the AALA Fall Reception in September, continues at the Alumni Luncheon in October, and goes widespread in November. We hope that all of the AALA active and alumni members, their friends, and the corporate community will feel the passion the Friends of AALA board members have for providing scholarships for the outstanding LAUSD students and join us in our mission by generously donating to the fund this year. The following is the list of board members should you want to contact one of them:

UCLA DOCTORATE OF EDUCATION (ED.D.) IN EDUCATIONAL LEADERSHIP

The Graduate School of Education and Information Studies at UCLA is now ranked #3 among graduate schools of education in the country by U.S. News and World Report (behind #1 Harvard and #2 Stanford, tying for 3rd place with two other great institutions in the Midwest and East).

We seek educators committed to improving practice and equity across the K-16 continuum; those who guide their work by principles of individual responsibility, an ethic of excellence, and a commitment to the communities they serve.

Each cohort in the UCLA Educational Leadership Program (ELP) embarks on a practitioner-oriented three-year experience in a supportive environment with outstanding faculty and expert educational practitioners. Established in 1993, UCLA's small, student-focused Ed.D. program prepares educators to advance educational organizations and improve educational outcomes for children, youth, and adults.

ELP Information Session dates for this fall are: 10/7, 10/28, 11/4, 11/18, 12/2, and 12/16. Space is limited. Please sign up by visiting <http://gseis.ucla.edu/education/academic-programs/educational-leadership-program/elp-information-sessions/>. If you encounter technical difficulties or need further information, please email eddinfo@gseis.ucla.edu, call 310.206.1673, or visit <http://gseis.ucla.edu/education/academic-programs/educational-leadership-program/>.
